## ITINERARY:

### 1. Welcome and Registration

The activity starts early in the morning, so you need to arrive at the surf school at 6:30 AM sharp for the day's session. When you arrive at Varkala beach for your surfing session, our professional team will warmly welcome you and make you feel comfortable. After some time, you will be asked to fill out a registration form, including some mandatory waivers on which you must put your signature.

### 2. Safety Briefing

Every participant in an adventure sport must be aware of the nitty-gritty of the experience. Our ISA-certified instructors ensure your adventure is secure and exhilarating. Our experienced instructors will thoroughly teach and instruct you about the safety protocols and familiarize you with the equipment. You must listen carefully to everything the instructors have to say.

### **3. Gear Up**

After the briefing session, you will head towards the beach at around 7:00 AM, equipped with your surfboards.

### **4. Pre Activity Preparation**

It is highly advised to engage in a quick warm-up session before participating in the activity to prevent injury due to sudden exposure to heavy movements. During this warm-up session, the instructor covers the basic techniques and safety protocols to ensure you have the best surfing experience. You must listen to the instructions carefully once again. After that, calm your nerves and prepare for the adventure rush.

### **5. The Solo Thrill**

When you let go of your body and start surfing against the waves, you feel your heart racing initially. But once your nerves calm down, you will be able to taste the thrill of wave-catching. It's a surreal experience that can't be expressed in words, only experienced in real time. The 90-minute surfing experience is paired with a 15-minute break in between, where we will provide you with refreshments before you go chasing the waves for the second time.

### **6. Celebrate and Capture Memories**

Do not worry about photographs of this thrilling experience. At around 9:00 AM, when the session concludes, we will have our team members capture the unforgettable moments on mobile before you come back to the school.

### **7. Debrief and Farewell**

Once you have taken the leap and experienced the rush, let us know about your unique surfing adventure. Even though surfing in Varkala price may vary during different seasons, it is worth every penny. Collect your merchandise after your day's adventure and leave with a bag of everlasting memories.

### **8. Departure**

Bid farewell to the surfing team and fellow surfers. We will expect you to come back soon for your next adrenaline-rushing adventure.
